# 5 Steps to Learn

D S A

Data   Structures   Algorithms

STEP 2.

Learn about Complexities

Time Complexity &
Space Complexity

STEP 3.

Learn Data Structures & Algorithms

Array	Searching
String	Sorting
Linked List	Divide & Conquer
Stack	Hashing
Queue	Greedy
Tree	Recursion
Graph	Backtracking
	Tree & Graph Traversals
	Dynamic Programming

STEP 4.

Practice Data Structures & Algorithms

Best platform for
DSA practice are

1. HackerRank
2. GeeksforGeeks
3. Leetcode
4. CodeChef
5. Codeforces

STEP 5.

Participate in programming challenges to test your skills and efficiency

Best Websites for Coding Contests or Competitions are

1. TopCoder
2. HackerRank
3. CodeChef
4. LeetCode
5. Codeforces
